INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF BOSCH LIMITED

1. We have reviewed the accompanying Statement of Standalone Unaudited Financial Results of **BOSCH LIMITED** ("the Company"), for the Quarter and nine months ended December 31, 2017 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016.

This Statement which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Statement based on our review.

2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.
3. Based on our review conducted as stated above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the aforesaid Indian Accounting Standards and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Quarter 03.2017-2018 financial results **Bosch Limited registers 14.1 percent growth in total revenue from operations**

February 05, 2018

Corp/C/CCR-IN

CIN: L85110KA1951PLC000761

- ▶ Total Revenue from Operations grew by 14.1 percent in Q3 of FY2017-18
- ▶ PAT for the period from continuing operations increased by 30.9 percent
- ▶ Mobility Solutions businesses outperformed Indian automotive market with 17.8 percent growth

Bengaluru – Bosch Limited, a leading supplier of technology and services, posted revenue from operations of INR 3,072 crores in Quarter 3 of FY 2017-18, registering a 14.1 percent increase over the same period of the previous year on a comparable basis. The total revenue from operations increased by 9.2 percent over the period July-September 2017.

In this reporting period, Profit Before Tax (PBT) stood at INR 423 crores, a growth of 41.4 percent. This positive result was achieved on account of higher sales volume, improvement in material and personnel cost. However, the net Profit After Tax (PAT) from continuing operations increased by 30.9 percent mainly due to marginal increase in effective tax rate.

The company's income from operations of INR 8,532 crores during the period April-December 2017 grew by 8.4 percent over the same period of previous year.

The Profit Before Tax (PBT) during the period April-December 2017 at INR 1,411 crores declined marginally by 1.5 percent compared to the same period of the previous year mainly due to lower non-operating income. Net profit from continuing operations stood at INR 937 crores for the same period. Net profit for previous year period April-December 2016 included income from sale of the Starter Motors & Generators Business.

“Bosch is offering the right technologies to shape the future while also taking care of the core businesses. We expect to remain on a path of growth in both areas in the current business year and are well prepared”, stated Mr. Soumitra Bhattacharya, managing director, Bosch Limited, and president Bosch Group in India, while announcing the results for Quarter 3.

Snapshot of business divisions’ performance in Quarter 3

Overall, Bosch Limited’s Mobility Solutions businesses grew by 17.8 percent and outperformed the automotive market which grew by 14.0 percent (excluding two-wheeler) in this period. Key performing divisions were the Gasoline Systems business, which registered an impressive growth of 37.1 percent. Sales of the Diesel Systems’ division registered a similar growth of 33.6 percent supported by higher demand and price for new generation products with the changes in emission norms with effect from April 2017. Bosch’s Automotive Aftermarket division witnessed a stable growth of 4 percent after recovering from GST transition. It was impacted by low availability of working capital with channel partners, and a reduction in the company’s Car Multimedia business.

With regard to the company’s business beyond the Mobility Solutions sector, the divisions Security Systems, Packaging Technology and Thermotechnology achieved double-digit growth, while the Energy Solutions business saw a decrease. This led to an overall decline of 3.1 percent.

“Bosch Limited is strongly committed to the electrification vision of the Indian government”, commented Mr. Bhattacharya. “Bosch has always been a pioneer of technologies for the automotive domain and has driven technology transformations such as the introduction of electronic fuel injection equipment. We will continue to develop technologies tailored to the requirements of the Indian market and enable the electrification of the powertrain. We will start with 2W and 3W components and as the market picks up, we will foray into other segments,” he continued.
