Independent Auditor's Review Report on the Quarterly Unaudited Standalone Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended**Review Report to
The Board of Directors
Bosch Limited**

1. We have reviewed the accompanying statement of Unaudited Standalone Financial Results of Bosch Limited (the "Company") for the quarter ended June 30, 2025 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. The Company's Management is responsible for the preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The Statement has been approved by the Company's Board of Directors. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Bengaluru, India – Bosch Limited, a leading supplier of technology and services, today posted its total revenue from operations of INR 4,789 crores (494 million euros) in Quarter 1 of FY 2025–26, an increase of 10.9% over the same quarter of last year. This growth is driven by higher demand in the off-highway and passenger car segments.

The Profit Before Tax (excluding exceptional items) stood at INR 838 crores (86 million euros) which is 17.5% of the total revenue from operations, an increase of 37.2% over the same quarter of previous year. The improvement in Profit Before Tax is mainly on account of favourable product mix. The Profit Before Tax (including exceptional items) stood at INR 1394 crores (144 million euros) which is 29.1% of total revenue from operations. During the quarter, Bosch Limited has completed the transfer of its “Video solutions, Access and Intrusions and Communication systems” business, recognising a profit on sale of business (shown under exceptional item) of 556 crores (57 million euros). The Profit After Tax (including exceptional items) stood at INR 1115 crores (115 million euros) which is 23.3% of revenue from operations.

“Our performance in the first quarter reflects strong growth, driven by increased revenue, higher demand in passenger cars and a reduction in material costs enabled by favourable product mix. This results from our consistent efforts to strengthen our core businesses while remaining focused on future-ready technologies.” said Guruprasad Mudliapur, President of the Bosch Group in India, and Managing Director, Bosch Limited. In line with the global portfolio changes, Bosch also successfully completed the sale of a part of its Building Technologies business this quarter.

Overall product sales of the automotive segment have increased by 14.3% compared to the same quarter of the previous year. The Power Solutions business, which constitutes majority of the overall automotive product sales, has grown by 13.7% over the same quarter of previous financial year. This is mainly on account of growth in off-highway segment supported by moderate growth in Passenger car segment.

The Mobility Aftermarket business grew by 5.2% compared to the same quarter of last year due to increased market demand for gasoline systems, comfort electronic and wiper systems.

The Beyond Mobility business declined by 9.3% in net sales over the same quarter of the previous financial year, mainly due to sale of “Video solutions, Access and Intrusions and Communication systems” business due to realignment of its Building Technologies division globally.

“Despite global challenges, we remain optimistic about the opportunities ahead. Bosch Limited is investing decisively in hydrogen, electrification, and digital services – positioning itself at the forefront of sustainable mobility. As India moves toward a smarter, cleaner future, we remain a trusted partner in delivering long-term value and innovation-led growth.” adds Mudlapur.
